MedScale UI/UX Guidelines

1. Design principles

Simplicity
One clear task per screen.

Role separation
Patient mobile app, doctor web dashboard.

Scalability
Reusable components and tokens.

Accessibility
WCAG AA, 44px targets.

2. Color palette

Primary
#0284C7

Secondary
#0D9488

Dark
#0F172A

Background
#F8FAFC

Success
#10B981

Warning
#F59E0B

Danger
#EF4444

3. Typography (Inter)

H1 Heading 32/700

H2 Heading 24/700

H3 Heading 18/600

Body text 14/400 for descriptions and paragraphs.

LABEL 12/600

4. Accessibility & components

Text meets WCAG AA contrast (4.5:1); status is never shown by color alone.
